**JERRY SCHIMMEL**

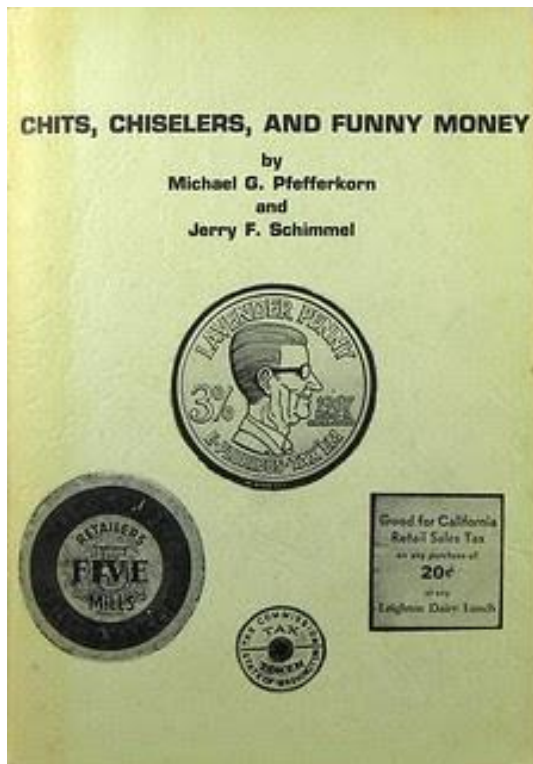

**10 MAY 1933 – 20 AUGUST 2021**

Jerry Schimmel was born in Spokane, WA and moved to the San Francisco area in 1943. He became hooked on jazz music and played several instruments and played at many parties. He obtained a degree in social work. In addition to being a social worker he researched and published on social work topics and retired in 1980.

Jerry Schimmel was a significant founder and researcher of state sales tax tokens. I believe every member of the ATTS has heard of Jerry Schimmel and has benefited from his work. Jerry wrote *U.S. State Issued Sales Tax Tokens* in 1973. With Michael Pfefferkorn he wrote *Chits, Chislers, and Funny Money: A History and Catalogue of United States Sales Tax Tokens, Receipts and Punch-Cards* (1977). He also wrote *Chinese American Tokens From the Pacific States* (2004) and *Chinese American Tokens From the Pacific Coast* (2009). Jerry was also the authority on tokens from San Francisco and published several articles on this topic.

Jerry died of septicemia after several surgeries.

Jerry contributed significantly to many fields including our field of state sales tax token collecting. To learn more about Jerry schimmel go to this website at [www.jerryschimmel.com](http://www.jerryschimmel.com).

## **PRESIDENT'S MESSAGE**

**John Ostendorf, R-518**

Dear fellow sales tax token collectors,

I hope this letter finds you well. It is with great sadness that I report of the passing of Jerry Schimmel. Jerry was one of the founding members of the ATTS and served as our first president. Jerry wrote a number of books, including a sales tax token catalog and was an exnumia dealer for a number of years. He was responsible for a number of “miscellaneous” sales tax tokens that bore the designs of earlier issues.

Most of all though, Jerry was a friend. He was a friend to me personally and to the ATTS. Whenever he saw the ATTS struggling, he was quick to help. He recently sent me a number of items to auction when he saw we were having some financial issues. I have been selling those on eBay with the proceeds going to the ATTS. There were also a couple of times over the years that he would just send me a note of encouragement. He knew firsthand how difficult running a small numismatic organization could be and was very kind and supportive. I still have those notes because they meant so much to me. Jerry will be truly missed.

Switching gears to renewal season. The ATTS board has approved a new dues structure for 2022 to better align dues with our costs. Dues for 2022 will be \$20 for the printed copy of the ATTS Newsletter and only \$5 for the electronic version. Members choosing the electronic version need only to provide a good email address and will then receive a pdf copy of the Newsletter each quarter. The pdf can be stored on your computer (which makes for easy searching) and/or printed and put in a binder. I hate dues to ever go up, but the cost of printing, envelopes, and postage continue to go up. I ask everyone to consider switching to electronic. Donations are always welcome too. Thanks again to all who donated earlier this year when we were in real trouble.

Lastly, I would like to wish everyone Happy Holidays and best wishes for a Happy New Year!

Happy collecting,  
John

## **LETTERS TO THE EDITOR**

Send your own questions, comments, corrections, or information to:

**[BILL at: Wimhands@gmail.com](mailto:Wimhands@gmail.com)**

I never had the opportunity to meet Jerry Schimmel, but I certainly heard a lot about him. The ATTS owes a large part of its existence to Jerry. He will be missed, and I feel it is important for all of us to keep the ATTS viable. If the ATTS dissolves so will the interest and research in sales tax tokens which will be a loss to numismatics. I join John in thanking the members who helped the ATTS during the recent period of financial hardship. One way to help is to pay your dues now. The cost of the mailed newsletter is higher than the electronic version, but the dues just cover the cost of producing and mailing it. The board is composed of

volunteers and pay the same dues that you do and run the ATTS as economically as possible.

The cost for the newsletter continues to increase and adjustments will need to be made in the future. Donations are still welcome to keep the ATTS viable, consider adding a few dollars to your payment of this year's dues.

As always, there is a need for articles, comments, reports of acquisitions for the newsletter. Make it your New Year Resolution to contribute something for the newsletter in 2020. I want to thank Joe McCarthy and John Ostendorf for their contributions for this newsletter.

I wish everyone a Happy Holiday season and Happy New Year.

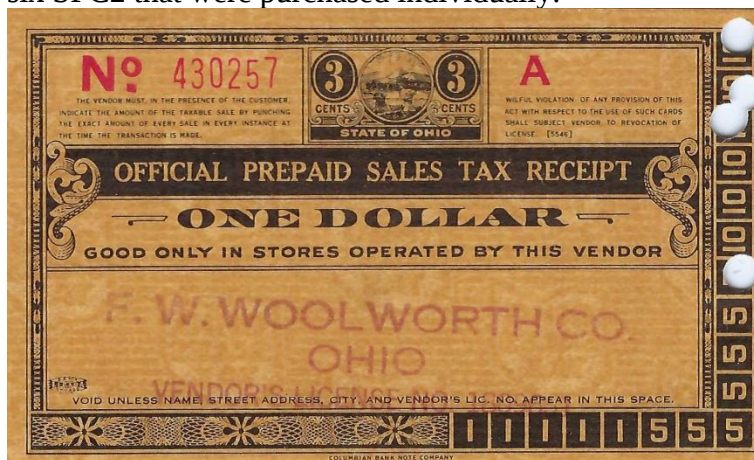

**PLEASE NOTE:** If you are emailing me, I would greatly appreciate it if you would supply **your full name** and membership number. I have received an email from "Jack" and I don't recognize the name off-hand or the email address either. So in order for me to list it here I have to go through my entire email address book looking for "Jack". Likewise, if you don't include your return address on a snail mail, please give me your full name on the written enclosure. Thanks for saving me a little time. I do appreciate EVERY contact but this identification would also be appreciated. **My sincere thanks, as always.**

# HIGHLIGHTS FROM THE RICH HARTZOG COLLECTION

by John Ostendorf, R-518

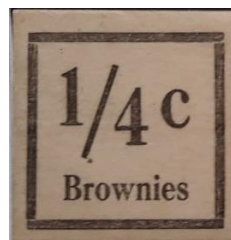

I recently was fortunate enough to purchase the majority of the Rich Hartzog collection of sales tax tokens and wanted to share pictures and information from the collection that is not listed in M&D or any other source. Rich Hartzog had the most extensive collection of Illinois sales tax tokens ever compiled. He had virtually every token listed in M&D and a number of unlisted pieces. Many of the tokens that are illustrated in M&D by only a sketch were in the Hartzog collection and Rich presumably provided the sketches.

I purchased this collection in three separate purchases over the last two years: the majority of it earlier this year. I am told that I now have everything. If that is true, then there may be a few STTs that may be lost forever because they were not in my purchases. Rich had a number of his tokens in a loose folder and it would have been very easy for a token to fall out and be lost. Among the lost appear to be IL-L9 Armstrong Grocery, Canton and IL-L-84 Randolph County.

What follows are pictures of what were previously illustrated only by sketches in M&D or of tokens that look much better in color than in black and white, all are R-10. These pictures not to scale. Dimensions in M&D are mostly correct.

Cairo IL-L7 R10

IL-Canton (unlisted)

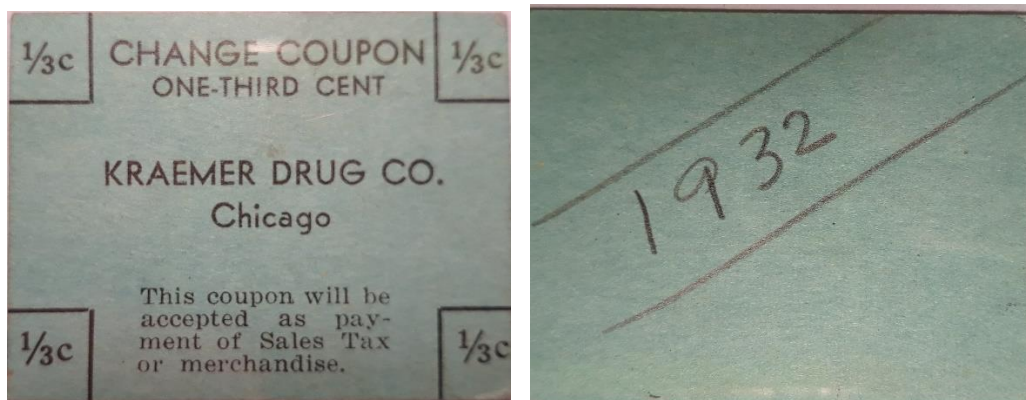

Charleston IL-L21 R10

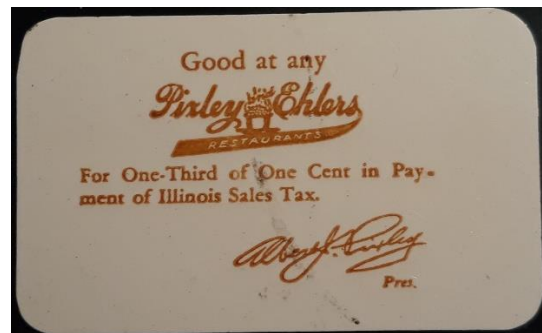

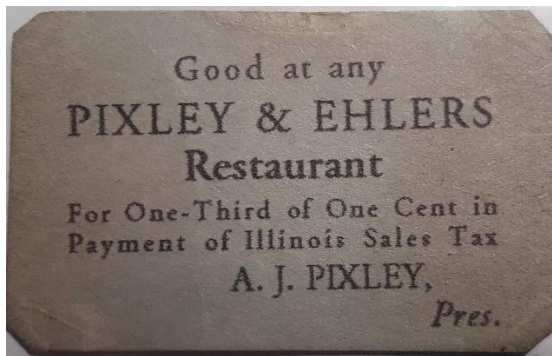

Chicago IL-L24 R10

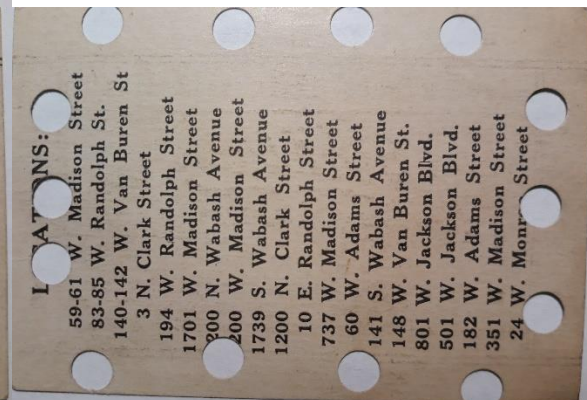

Chicago IL-L26 R10

Chicago IL-L27 R10

Unlisted Chicago – Pixley & Ehlers (L-28A?) on blue paper and L-29 (yes, it is thin plastic!) both R-10

Chicago L-30 R-10 (3c written over 2c)

**Joliet or Aurora L-48 R-10**

**Momence L-64 R-10**

**Sparta L94 & 95 both R-10**

I am very thankful to now own this collection. After collecting STTs for over 25 years, I now have just about every Illinois STT in the book and quite a few unlisted tokens. It definitely didn't come cheap; but there were so many rarity 9 and 10 tokens that it was a once in a lifetime opportunity. I didn't post pictures of everything, so if you want pictures of anything, please let me know and I'll be happy to send them to you.
